Exploring the SDG Journey**

Rekha M. Menon is the Chairman and Senior Managing Director at Accenture in India—the company's largest talent base in the world, with a strength of more than 140,000. In this role, she is responsible for building and strengthening the Accenture footprint in India. She oversees the integration of Accenture's overall growth strategy with the company's long-term vision for the country. Accenture aims to create superior market differentiation through innovation, and Rekha is a key figure in taking that dialogue forward.

With her experience of more than 24 years in setting-up corporate functions and business operations, Rekha was one of the key architects in building India as Accenture's largest geography.

A thought leader, an active voice for social causes and an industry influencer, Rekha is also responsible for forging and maintaining Accenture's relationships with key stakeholders – including public authorities, industry bodies, the business community and educational institutions in India. She is an esteemed member of NASSCOM's Executive Council (2015-2017) and is present on the Board of Governors at XLRI School of Business, Jamshedpur.

Rekha features in the list of LinkedIn Power Profiles in India for 2016. She was also named among India's Most Powerful Women of 2014 by Business Today, given her unrelenting contribution to business as well as corporate responsibility.
