Decent Work in Global Supply Chains**

Yash Ranga provides strategic vision to the two intertwined verticals of Jaipur Rugs Foundation: skill development and social development, through engaging multiple diverse stakeholders and by curating an effective partnerships platform that maximizes impact at scale.

Jaipur Rugs is known across the world for its inclusive carpet value chain that links grassroots artisans with global markets. It has been featured in the 'The Fortune at the Bottom Pyramid' and has received a number of accolades. Its unique socio-economic development model is a topic of constant reference among government, industry, media, and academia.

Prior to joining Jaipur Rugs Foundation, Yash was associated with a Silicon Valley based boutique IT company inspired by the disruption in technology that is taking place with Big Data, Predictive Analytics, Mobility and the Cloud. His niche areas include Conscious Capitalism, Founders' Mentality, Social Entrepreneurship, Multi-Stakeholder Partnerships for Development, Sustainable Development Goals, and Base of the Pyramid Innovations.

With a background in software engineering, entrepreneurship, and business strategy, Yash is a national boxer and a theatre artist by passion.
